

DÜRR BOX X500PV

Feature: Cardboard cubes for capturing paint spray

ADVANTAGES

- Handy cardboard cube for capturing paint spray
- Long service life compared to conventional paint stop
- Easy (dis)assembly due to foldable structure
- 3rd generation of proven Dürr filter boxes for
 - Improved stability
 - Increased paint load capacity
 - Easier (dis)assembly

SPECIFICATIONS

- Recommended air flow: 1,200 - 1,800 m³/h
- Pressure drop at 1,500 m³/h: 80 Pa
- Max. pressure drop: 1,000 Pa
- Absorption capacity: Up to 25 kg
- Separation efficiency: Up to 99%
- Filter area: 1.4 m²
- Filter media material: Paper mat with synthetic fibers

APPLICATIONS

- Used for capturing paint spray
- Spray booths, painting lines, coating
